

# YODER WATER MASTER PLAN LEVEL I STUDY

## SCOPING MEETING

JUNE 3, 2026, 1:00PM, 215 MAIN STREET, YODER

### WELCOME AND INTRODUCTIONS

- WWDO
- Consultants – Y2 and Dahlgren
- Town of Yoder Representatives
- Town of Yoder Residents

### PROJECT TASKS

#### COMMUNITY ENGAGEMENT

The project team will coordinate an open scoping meeting, as well as additional public meetings, to inform the community about the project and seek input. ArcGIS Story Map allows for online interaction, comments, and communication.

#### INFORMATION REVIEW

Y2 will gather and review all existing information related to the Town water supply and distribution system.

#### GROWTH AND DEMAND PROJECTIONS

Y2 will develop population growth projections for the Town's service area. Planning boundaries of the service area will be based on discussions with the Town.

#### WATER SOURCES

Review and assess the capacity of the existing system and identify additional supply if needed. Water quality will also be reviewed.

#### INVENTORY, EVALUATION, AND GIS

Y2 will identify specific problem areas and concerns that should be focused on during this task. Inventory and evaluations shall primarily focus on facilitating addressing areas of concern, system deficiencies, and formulating GIS (Geographic Information System) mapping.

#### HYDRAULIC MODEL

Y2 will create the hydraulic model of the Town's water system. Current and proposed improvements will be modeled.

#### RECOMMENDATIONS AND COST ESTIMATES

Improvements to meet the needs of the Town's water system will be recommended. Cost estimates for the installation of improvements will be made.

#### WATER SYSTEM FINANCING

Y2 will work with the Town to acquire all necessary financial data to determine the current and anticipated future water system revenues and expenditures.

## THANK YOU FOR JOINING US!
