

Planner II

JOB SUMMARY

This intermediary position provides project management and planning services to clients and project teams for all Departments. Planner II assists the Senior Planner with project proposal and scoping. Planner II is also responsible for reviewing County and Town meeting agendas and news postings for projects and discussions relevant to the Y2 Planning Department.

REQUIREMENTS

Bachelor's degree in Planning or related field and 2-6 years of planning experience or a Master's degree in Planning or related field and 2-4 years of experience.

MAJOR TASKS, DUTIES AND RESPONSIBILITIES

- a) Actively manages, directs and facilitates development permitting and consulting projects.
- b) Works with project teams to perform a variety of project management, planning and design related tasks as required including but not limited to project research, work product production, report writing, and application submittal preparation and follow-up.
- c) Confers with the client, obtaining timely decisions and approvals to ensure the project flows smoothly and alerts the necessary personnel of any changes to proposed alterations in the established budget or contract.
- d) Represents the company and its clients at various public meetings; including, but not limited to the Planning Commission, Board of Adjustment, Board of County Commissioners, and/or City Council, as required.
- e) Facilitates field visits to development sites, and meetings with government agencies and customer.
- f) Develops client and professional networks through professional associations, committees, and business associations, and promotes the professional standing of the firm through those networks.
- g) Works with project teams and departments to coordinate and request drafting and GIS mapping support for projects including graphic exhibit preparation and supporting data development.
- h) Researches and writes technical reports on development review, planning, and/or special projects as assigned.
- i) Prepares and seeks review of reports pertaining to planning, zoning or development applications
- j) Works with the Senior Planner to prepare and review proposals and estimates for proposed projects.

- k) Actively manages and communicates project budgets and timelines.
- l) Researches and continually increases knowledge of local land development regulations, trends, updates, and procedures.
- m) Reviews County and Town meeting agendas and news posting for projects and discussions relevant to the Y2 Planning Department.
- n) Works closely with the Senior Planner and project teams to balance/manage project management, drafting/GIS/graphics support needs, productivity, priorities, and timelines.
- o) Completes document drafting and application submittal needs for projects using MS Word and other MS Office applications that may apply.
- p) Understands and follows the company's standards for report preparation, formats, and style guides.
- q) Performs research of recorded legal documents including survey maps, recorded deeds and easements.
- r) Responsible for maintaining detailed documentation of project organization, content, and compilation/analysis history.
- s) Assists in ensuring compliance with Y2 quality and delivery protocols for relevant projects.
- t) Schedules neighborhood meetings. Prepares public noticing for neighborhood meetings.
- u) Performs all other assigned related duties.

COMPETENCIES: Experience with land planning principles and elements of neighborhood, street and landscape design. Experience with administration and functioning of Land Development Regulations and Codes. Demonstrates excellent written and verbal ability to communicate complex information. Personal computer hardware and software experience (MS Office Suite, Adobe Acrobat). Professional experience with Adobe Photoshop/Illustrator, Sketchup, AutoCAD, Revit or other graphics environments for preparing and presenting graphic information desired. Excellent organizational and interpersonal skills.
